Questions to guide your follow-up student-family conversations:

What are your strengths and challenges in managing your time, planning your work, accessing support, and tracking assignments? What strategies will you use at Tulane?

If you get a disappointing grade on an assignment, test, or in a course, what academic resources will you seek out?

What will you do if you're not sure what is allowed in completing an assignment or taking a test or exam?

How will you build your curricular and co-curricular components to create your Tulane experience?
